Targeted at young aspiring artists seeking to develop their technical skill and build a repertoire of subjects, especially those in nature.

Acclaimed author Lee J. Ames shows readers how to draw dozens of plants with a comprehensive, step-by-step approach. His distinctive drawing method has proven to be successful for children and adults alike over the past thirty years, and has shown artists, from the beginner to advanced level, how to draw everything from animals to airplanes. The revised Draw 50 series gives an old favorite an exciting, new look.
