The Confrontation: Winning the War against Future Jihad Walid Phares

As the global Jihadist movement grows more complex, the escalating threat to international security demands a clear vision for winning the battle against fundamentalist Islamic violence. Walid Phares's previous books, *Future Jihad* and *The War of Ideas*, traced the forces that led to September 11 and the rise of radical Islam and examined the conflicting ideologies that underlie the War on Terror. Now, in *The Confrontation*, Phares provides global solutions for defeating the forces of jihad and identifies the upcoming battles in the vast world of the Jihadist movement, from the ravaged villages of the Sudan to London's Muslim neighborhoods to the battlefields of Iraq and Afghanistan. Pointing towards a future that is safe for freedom and democratic societies, this book shows how the world's diverse institutions can come together to defeat the forces of jihad worldwide.
