Homo sapiens Antonio Velez Montoya

This book presents an evolutionary explanation of the so-called human universals—or behavioral patterns—observed in all of the cultures that have been studied by anthropologists. The composition of the brain, the different forms of human sense perception, and the evolutionary development of the species up to the present are some of the topics discussed by this lucid scholar—one of the best known in the area of scientific dissemination.

Este libro presenta una explicación evolucionaria de los llamados universales humanos, o formas de comportamiento observadas en todas las culturas estudiadas por los antropólogos, con un lenguaje que brilla por su claridad. Así, la composición del cerebro, las distintas formas de la sensibilidad humana y el desarrollo evolucionario de la especie hasta nuestro tiempo son algunos de los grandes temas discutidos por el autor—una de las figuras de mayor renombre en el campo de la divulgación científica.
