Rural Retirement Migration (The Springer Series on Demographic Methods and Population Analysis)

David L. Brown, Nina Glasgow

This fascinating book examines rural retirement migration from the older in-migrants' perspective and from the vantage point of the destination communities to which they move. This integrated approach permits the authors to view older in-migrants as embedded in environments that facilitate and/or constrain their opportunities for productive living during older age. It also permits the examination of positive and negative effects of older in-migration for destination communities.
