Divided by continent, YOU ARE HERE represents one (idealized) orbit of the ISS. This planetary photo tour -- surprising, playful, thought-provoking, and visually delightful -- is also punctuated with fun, fascinating commentary on life in zero gravity. In the spirit of his bestselling *An Astronaut's Guide to Life on Earth*, YOU ARE HERE opens a singular window on our planet, using remarkable photographs to illuminate the history and consequences of human settlement, the magnificence (and wit) of never-before-noticed landscapes, and the power of the natural forces shaping our world and the future of our species.
