*1559. Elizabeth has been on the throne for six months, and life in England seems newly golden. But for the Royal Court, murder and betrayal are foretold in the stars....*

Kate Haywood, the young queen's personal musician, has been keeping busy playing for a merry round of summer parties where famed astrologer Dr. John Dee and his fantastic horoscopes are all the rage. However, Elizabeth's favorite stargazer fails to predict the discovery of a skeleton in the queen's garden—and that the victim's identity will call his own innocence into question.

When the doctor's pupil is the victim of a second murder, the concerned queen enlists her trusted Kate to clear the accused killer of wrongdoing. But will the stars align to light Kate's path through a tangled thicket of treachery to save Elizabeth's prized astrologer and protect the queen from those who threaten her reign?
