**The Poems of Dylan Thomas, New Revised Edition [with CD]** Dylan Thomas

**The most complete edition of the works of one of the twentieth century's greatest poets, including an audio CD containing vintage recordings of Thomas reading eight of his poems.**

This new, revised edition of *The Poems of Dylan Thomas* is based on the collection edited by Thomas's life-long friend and fellow poet, Daniel Jones, first published by New Directions in 1971. Jones started with the ninety poems Thomas selected for his *Collected Poems* in 1952 (at a time when the poet expected that many years of work still lay ahead of him) and, after exhaustive research and consideration, added one hundred previously finished, though uncollected, poems (including twenty-six juvenile works), and two unfinished poems, and arranged them all in chronological order of composition, creating the most complete edition of Thomas's poems ever published. This revised edition contains all the original material and incorporates textual corrections. Also included are an introduction and concise notes by Daniel Jones, a brief chronology of the poet's life, and a compact disc containing vintage recordings of Thomas reading eight of his poems in his famous "Welsh-singing" style, making this edition of *The Poems of Dylan Thomas* a truly remarkable collection.
