The Greatest Civil War Lie Ever Told To The American People: The One That is Still Believed By All Americans Today. William Bevis M.A.

Author Will Bevis claims he found The Stone/Lee Civil War Papers described within seven years ago, while trespassing near midnight, at Jefferson's Rock, a small national park near Harpers Ferry, West Virginia. He also claims his life has been threatened over these papers which he says expose the greatest lie that the American people have ever been told and which they still believe today: that the South lost the Civil War. He says that the Federal Government quickly tried to obtain these papers through threats but that he gave them to a well known Atlanta businessman who promised to make them public-but who then double-crossed him. The one thing he has never said is that this work is a work of fiction. He claims that no one would publish it as non-fiction, and that he finally gave up hopes of ever doing so. Bevis states he decided it was better to publish this as fiction than for the public never to hear of it at all. Here then are the Stone/Lee Civil War papers. Do they expose the Greatest Civil War Lie ever told the American people? Or are they themselves the greatest Civil War lie ever told?
