**Financial Accounting, 5<sup>th</sup> Edition** provides students with an understanding of fundamental concepts necessary to use accounting effectively. Starting with a “macro” view of accounting information, the authors present real financial statements. They establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. Kimmel, Weygandt and Kieso motivate students by grounding the discussion in the real world, showing them the relevance of the topics covered to their future.
