**A concise anthology including a wide range of Renaissance music.**

*Anthology for Music in the Renaissance*, part of the *Western Music in Context* series, is the ideal companion to *Music in the Renaissance*. Twenty-seven carefully chosen works—including an isorhythmic motet by Ciconia, an English carol, a Janequin chanson, and lute composition by Ortiz—offer representative examples of the genres and composers of the period. Commentaries following each score present a careful analysis of the music, and online links to purchase and download recordings make listening easier than ever.
