Let children experience the learning power of play! *Let's Play* is a handbook full of child-led, open-ended learning adventures. The 39 fresh, fun, and budget-friendly activities (plus more than 225 play variations) are packed with learning that helps children develop important motor, cognitive, language, and social skills. These activity starters were all tested by a slew of early childhood professionals and approved by the children they work with. Building on the early learning principles presented in the author team's first book together, *Let Them Play: An Early Learning (Un)Curriculum*, they also support your transition to a play-based, child-led (un)curriculum.

**Jeff A. Johnson** spent twenty-five years as a child care provider in center- and home-based programs. He now works full time as an author, keynote speaker, podcaster, toymaker, and early learning advocate. He is the author or coauthor of six other Redleaf Press books.

**Denita Dinger** has been a child care provider for more than fifteen years and operates a family child care program. For the last five years, she has been a frequent keynote speaker at early childhood conferences, focusing on the topics of hands-on learning, learning through play, and transitioning early learning programs from a teacher-controlled environment to one that is child-led and play-based.
