Alexander's Care of the Patient in Surgery, 15e Jane C. Rothrock PhD RN CNOR FAAN

Alexander's Care of the Patient in Surgery is the most dependable source for comprehensive perioperative information. Well-known author and educator, Jane C. Rothrock, continues to provide step-by-step instructions for over 400 surgical procedures, including many minimally invasive methods, all backed by the latest research. More than 1,000 full-color illustrations and photos depict current techniques, as well as surgical anatomy and instrumentation. This edition adds cutting-edge information to reflect new concepts for both invasive and non-invasive surgical procedures, whether the location is in a hospital, outpatient clinic, or doctor's office.

- **Over 400 specialty surgical interventions** are included, as well as many minimally-invasive surgical procedures.
- **A clear and consistent chapter format** makes it easy to find information, including general discussions of surgical anatomy and perioperative nursing considerations, followed by more specific discussions of procedural considerations and operative procedure for each surgical intervention.
- **Cutting-edge information** keeps you up-to-date with the latest technological advances related to surgical procedures, both invasive and non-invasive, whether the location is in a hospital, outpatient clinic, or in a doctor's office.
- **Updated coverage** includes new surgical procedures and techniques, new care standards, and the importance of integrating evidence and research into patient care.
- **1,000 full-color illustrations and photos** show surgical anatomy, procedures, and methods.
- **Comprehensive discussions of perioperative nursing considerations** cover assessment, nursing diagnosis, outcome identification, planning, implementation, evaluation, patient and family education, and discharge planning.
- **Full-color design** highlights special features and makes it easier to focus on essential concepts.
- **Patient Safety boxes highlight** Joint Commission initiatives and important safety topics.
- **Evidence for Practice boxes** apply scientific research to perioperative nursing.
- **Research Highlight boxes** provide the latest research and apply it to patient care.
- **Patient and Family Education boxes** include specific guidelines for preprocedural and postprocedural care, side effects and complications, home care, discharge/follow-up care, psychosocial care, and referrals.
- **Surgical Pharmacology tables** summarize and offer quick reference to the drugs most commonly used for specific surgical procedures, including generic and trade names, purpose/description, and pharmacokinetics.
- **Ambulatory Surgery Consideration boxes** highlight patient selection criteria, special anesthesia considerations, and patient assessment implications for outpatient surgical procedures.
- **Sample plans of care** include nursing diagnosis, outcome, and interventions, linking specific interventions to clearly identified outcomes.
- **An emphasis on patient and workplace safety** includes protocols from the major safety agencies and coalitions, perioperative nursing safety issues, patient rights, and safe patient handling and movement.
- **Coverage of cross-specialty areas** includes special considerations for pediatric, geriatric, and trauma surgeries, as well as interventional and image-guided procedures, and complementary and alternative therapy.
- **NEW and UNIQUE!** Patient-Centered Care boxes feature simplified conversations that you can have with patients to help them better understand their surgical procedure.
- **NEW!** A Critical Thinking Question at the end of every chapter tests your understanding of chapter

content.

- **NEW!** Key Points at the end of every chapter help you retain important concepts from the text.
- **NEW!** Laboratory Values appendix contains all laboratory value information in one convenient location

From reader reviews:

Greta Harty:

Reading a publication can be one of a lot of activity that everyone in the world likes. Do you like reading book thus. There are a lot of reasons why people love it. First reading a reserve will give you a lot of new facts. When you read a e-book you will get new information mainly because book is one of various ways to share the information or perhaps their idea. Second, reading a book will make an individual more imaginative. When you examining a book especially hype book the author will bring that you imagine the story how the people do it anything. Third, you could share your knowledge to other folks. When you read this Alexander's Care of the Patient in Surgery, 15e, it is possible to tells your family, friends as well as soon about yours reserve. Your knowledge can inspire different ones, make them reading a book.

Rose Villegas:

Many people spending their time period by playing outside with friends, fun activity using family or just watching TV all day every day. You can have new activity to spend your whole day by looking at a book. Ugh, do you think reading a book really can hard because you have to take the book everywhere? It okay you can have the e-book, having everywhere you want in your Smart phone. Like Alexander's Care of the Patient in Surgery, 15e which is getting the e-book version. So , why not try out this book? Let's find.

Ora Barbour:

As a scholar exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Alexander's Care of the Patient in Surgery, 15e can make you feel more interested to read.

Daniel Downey:

What is your hobby? Have you heard that question when you got students? We believe that that problem was given by teacher with their students. Many kinds of hobby, Every individual has different hobby. So you know that little person just like reading or as looking at become their hobby. You must know that reading is very important in addition to book as to be the point. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You get good news or update in relation to something by book. Numerous books that can you go onto be your object. One of them is Alexander's Care of the Patient in Surgery, 15e.
