What makes a man, or for that matter, a woman as well, call a phone sex line? Phone Sex lines cater to all walks of life. Bankers, construction workers, lawyers, doctors, teachers, etc... you name it, I've most likely talked to someone in any position. Even celebrities. Everyone has his or her needs.

Everyone has a fantasy, whether it's having sex in a public place, spanking or being spanked, having a chick with a dick, a male being f****d anally with a strap-on by a woman, a woman who is bi-curious, or even a grown man dressing up as a baby and being cared for by an older woman. Yep, I've acted out all those fantasies... well on the phone.

I must say though, my sex life certainly has become interesting, to say the least. One thing I have learned while being Phone Sex Operator is what men and women want.

In this book, I will not only explain some of the terminology that a Phone Sex Operator (from now on I will call her/him a PSO) needs to know and my experiences over the years as one.
