**Ted and Ann - The Mystery of a Missing Child and Her Neighbor Ted Bundy** Rebecca Morris New Edition. The gripping story of one of the the most fascinating cold cases of the 20th century - Was eight-year-old Ann Marie Burr serial killer Ted Bundy's first victim? She disappeared from their Tacoma, Washington neighborhood early on a summer morning in 1961. Her body was never found, there were no clues, no ransom demand and no arrest. Was Bundy telling the truth when he told a hypothetical story about killing Ann and dumping her into a muddy pit? With new information about Ted Bundy's childhood, interviews with those who knew him best, and the memories of the Burr family, "Ted and Ann – The Mystery of a Missing Child and Her Neighbor Ted Bundy," has been called "an astonishing achievement" (Gregg Olsen) and "fascinating" (Ann Rule). This is no ordinary true crime book and belongs on a shelf with the non-fiction works of Erik Larson, Jon Krakauer, David Grann, and Simon Baatz.
