**Catastrophe: Clinton's Role in America's Worst Disaster** Christopher Ruddy, Carl Limbacher Jr.

Catastrophe begins on January 20, 1993, when William Jefferson Clinton took the oath of office as the 42nd president of the United States of America. Clinton swore to "preserve, protect, and defend the Constitution of the United States" from enemies both foreign and domestic.

During the next eight years, Bill Clinton would preside over the most corrupt administration in American history. He would be only the second president in American history to be impeached.

When Bill Clinton took office, American supremacy on the world stage had never been so great and unchallenged. Our military was without equal. The economy was beginning a record boom.

Soon after Bill Clinton left office, Americans began to discover his bitter legacy.

Even as Clinton was leaving Washington, the American economy had begun to move into a serious recession.

And America's belief in invulnerability was shattered on September 11, 2001, when 19 Arab hijackers slammed civilian jets into the World Trade Center and the Pentagon.

As Catastrophe: Clinton's Role in America's Worst Disaster demonstrates, the events of September 11 not only were predictable after eight years of Clinton, but they also could have been prevented.

Catastrophe exposes what really happened during the Clinton years, and how Bill Clinton and his administration systematically undermined America's national security by emasculating the U.S. military and the nation's intelligence agencies.

Bill Clinton made America vulnerable to attack.

Here are just some of the revelations from Catastrophe:

- Clinton's own admission that he could have extradited Osama bin Laden from Sudan - but he didn't because he felt bin Laden was not a threat! If you don't believe this, read his verbatim comments from our exclusive tape recording!

- A senior CIA officer goes on record to reveal that Bill Clinton helped Saddam Hussein by allowing him to illegally sell oil - and make billions to stay in power.

- Clinton adviser Dick Morris says that Clinton was warned about the terrorist bombings against American troops at the Khobar Towers - and he ignored the warning!

- The FBI and CIA could have easily foiled the 9-11 attacks - but were negligent as two known terrorist gained entry into the U.S. with the CIA's full knowledge. They would later participate in the 9-11 attacks.

- FBI agent Coleen Rowley says the FBI could have prevented 9-11, but refused to get a search warrant on one of the 9-11 terrorists.

- NewsMax broke the story that Bill Clinton tied the hands of the CIA and FBI - hear from agents on the inside who broke the story on NewsMax and reveal what really happened.

Bill Clinton refused to require driver's licenses to expire at the time of expiring visas. If he had done this, one of the 9-11 terrorists would have been arrested or deported.

- The 1996 Clinton-Gore airline safety commission set the stage for 9-11.

- Learn why Clinton's adviser Dick Morris says Bill Clinton's affair with Monica Lewinsky helped Osama bin Laden survive and plot 9-11

- Read Bill Clinton's shocking statements about America's guilt in 9-11 - he even blamed America for 9-11 and cited our treatment of the Indians and Muslims during the Crusades!

- A secret 1994 terrorism report warned of suicidal hijackings - and Bill Clinton ignored it.

And there is much, much more in Catastrophe, including:

- There is strong evidence that the West Nile virus was the first bioweapon used by Iraq. Did you know the first cases appeared near the United Nations in New York and that a major Iraqi defector said Saddam bragged in 1997 he would release the West Nile virus on America?
