"On March 3, 1866, Powell and I packed his provisions on two of our burros, and bidding me good-bye he mounted his horse... I will forever remember the sight of his pert buttocks soaking up the dust of his saddle as he disappeared through the trees"

The pulp fiction masterpiece "A Princess of Mars" is reworked here into a homoerotic saucy romantic sci-fi adventure. The dashing Captain John Carter, ex-captain in the confederate army, recounts his many adventures of when he is chased by Indians to a hidden cave where he finds himself mysteriously paralyzed. He breaks free of his mortal body and is magically transported to Mars, stark naked and in a state of perpetual arousal. There he finds danger and adventure amongst the warlike, six-armed race of Green Martians, and falls in love and lust with Dejah Thoris a beautiful naked red martian Prince with 'exquisite buttocks'.

Gay love is illicit in 1866 and is punishable by death on Mars. How will John Carter survive the many trials and tribulations that await him?

Join him on this truly magnificent timeless adventure of sword-fights, aliens, romance, ancient advanced civilizations, a Mars that never was and a love that dare not speak its name.

Part one of a two part series.
