Hippocrates' Shadow David H. Newman M.D.

"A clear-sighted, heartfelt, and humane story of the needless tests and treatments that cripple healthcare....as a guide to good medicine, it may help us get back to the essence of what good doctors do: be with patients in healing." —Samuel Shem, M.D., author of *The House of God* and *The Spirit of the Place*

In *Hippocrates' Shadow*, Dr. David H. Newman upends our understanding of the doctor-patient relationship and offers a new paradigm of honesty and communication. He sees a disregard for the healing power of the bond that originated with Hippocrates, and, ultimately, a disconnect between doctors and their oath to "do no harm."

Exposing the patterns of secrecy and habit in modern medicine's carefully protected subculture, Dr. Newman argues that doctors and patients cling to tradition and yield to demands for pills or tests. Citing fascinating studies that show why antibiotics for sore throats are almost always unnecessary; how cough syrup is rarely more effective than a sugar pill; and why CPR is violent, invasive—and almost always futile, this thought-provoking book cuts to the heart of what really works, and what doesn't, in medicine.

From reader reviews:

Lorenzo Logan:

What do you about book? It is not important with you? Or just adding material when you require something to explain what the one you have problem? How about your spare time? Or are you busy individual? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Every individual has many questions above. They should answer that question simply because just their can do this. It said that about book. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need this Hippocrates' Shadow to read.

Jose Rosales:

Nowadays reading books be than want or need but also become a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge the particular information inside the book which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want get more knowledge just go with education and learning books but if you want truly feel happy read one using theme for entertaining for instance comic or novel. The Hippocrates' Shadow is kind of reserve which is giving the reader unstable experience.

Luis Ray:

Information is provisions for those to get better life, information these days can get by anyone in everywhere. The information can be a understanding or any news even restricted. What people must be consider while those information which is from the former life are challenging to be find than now is taking seriously which one works to believe or which one typically the resource are convinced. If you find the unstable resource then you understand it as your main information we will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Hippocrates' Shadow as the daily resource information.

Rigoberto Adams:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some publication, they are complained. Just small students that has reading's internal or real their hobby. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Hippocrates' Shadow can make you experience more interested to read.
