An account of Shakespeare's life and times based on contemporary documents, none dated later than 1635. Shakespeare of London by Marchette Gaylord Chute. Marchette Chute's magnificent and unique account of Shakespeare's life and times, based solely on contemporary documents, emphasizes Shakespeare's life as a working member of the London theatre - as an actor, a director, a producer, a playwright and theatre owner. But of almost equal importance in this great book is the city of London itself - that brilliant, lively, creative city in which Shakespeare's art was rooted and through which it flourished.
