Surfing: In Search of the Perfect Wave Peter Diel, Eric Menges

This stunningly illustrated volume provides readers with a unique insight into this fascinating and increasingly popular past-time as well as expert information and advice on how to become a great surfer. Divided into three sections for easy reference, "Surfing" begins with an introduction to the origins of surfing and a guide to the equipment, preparation and basic techniques you'll need to get started. The second part provides readers with more advanced surfing techniques and a number of tips and tricks to improve your skills. This final section presents important information covering everything from weather and travel to "surf talk." Last but not least it offers a guide to the best surfing locations in and around Europe, the USA and Hawaii, Australia, the South Pacific, and Mexico.

From reader reviews:

Alberta Smith:

What do you think of book? It is just for students as they are still students or this for all people in the world, exactly what the best subject for that? Only you can be answered for that problem above. Every person has distinct personality and hobby for each other. Don't to be obligated someone or something that they don't need do that. You must know how great as well as important the book Surfing: In Search of the Perfect Wave. All type of book could you see on many solutions. You can look for the internet methods or other social media.

David Jones:

Exactly why? Because this Surfing: In Search of the Perfect Wave is an unordinary book that the inside of the guide waiting for you to snap it but latter it will shock you with the secret it inside. Reading this book beside it was fantastic author who write the book in such remarkable way makes the content on the inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This unique book will give you a lot of advantages than the other book have got such as help improving your talent and your critical thinking means. So , still want to delay having that book? If I ended up you I will go to the e-book store hurriedly.

Jamey Norton:

In this time globalization it is important to someone to get information. The information will make you to definitely understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon. You will observe that now, a lot of publisher which print many kinds of book. Typically the book that recommended to you is Surfing: In Search of the Perfect Wave this publication consist a lot of the information with the condition of this world now. This kind of book was represented how do the world has grown up. The terminology styles that writer require to explain it is easy to understand. The writer made some analysis when he makes this book. That's why this book appropriate all of you.

Frederica Dawkins:

Do you like reading a book? Confuse to looking for your best book? Or your book seemed to be rare? Why so many problem for the book? But virtually any people feel that they enjoy with regard to reading. Some people likes studying, not only science book and also novel and Surfing: In Search of the Perfect Wave as well as others sources were given know-how for you. After you know how the great a book, you feel would like to read more and more. Science reserve was created for teacher or maybe students especially. Those books are helping them to put their knowledge. In other case, beside science e-book, any other book likes Surfing: In Search of the Perfect Wave to make your spare time a lot more colorful. Many types of book like this one.
