Messiah'el Bey (Warlock Asylum) shares a rare knowledge about the true origins of God, religion, and humanity from a shamanic perspective. This literary journey examines life before ancient Babylon and the occult origins of the Abrahamic faiths of Judaism, Christianity, and Islam. The Genealogy of God not only illustrates how the Fall of Man began with the worship of God, but reveals the true aim of modern religion, its submission to the forces of evil, and how it is able to hide the genocide it perpetrates. This work is also useful in understanding the principles of true spirituality. The text covers a wide range of topics and offers us a glimpse of some very rare information that the faithful servant of religion and the atheist can both enjoy.
